

Intro to DSLR Photography

Our Intro to DSLR class is the perfect way to learn all about your camera, whether you've had it for years and always shot in auto mode, it's been hiding in your closet collecting dust, or you just got it!

This class provides an introduction to the basics of DSLR photography. Get to know your DSLR's manual capabilities with topics that include: resolution, ISO, apertures, shutter speeds, metering, and auto focus.

All makes and models of DSLR are welcome!

***Note: This class is not intended for point and shoot cameras.**

To Register: Visit cameracornergreenbay.com or contact Chaz Goeben at chaz.goeben@cccp.com.
